Fredrick,

Don't dismiss the non-instructional books. The fly-fishing books of stories are some of the most enjoyable reads you will find. I know the ones I have read have helped shape what I enjoy about fly-fishing. Traver, Gierach, Lyons, Howard Walden, and others have penned wonderful fly-fishing tales that you will enjoy over and over again. Once you've read one instructional book, most of the things you find in the next one will be review.

Anyhow, I hope you enjoy your reading.
