About 30 yrs ago I received a Martin 65 as a gift. It's a cheap reel and is referred to as a "tunafish can" reel. It is a very light weight reel.

I had found a 1975 ad on a Martin 63 for \$2.97 so your reel predates 1975 and I doubt you'll be able to get an accurate age for it.

[Morning Record April 11, 1975](#)

Look at the top left corner of the page.
