Please don't yell at me for not recommending a book in the readers' corner. If you have a TU chapter near you, you might find that it offers fly tying classes for free or for a minimal charge. Here in Blair County, the John Kennedy Chapter will be offering classes beginning the 1st Sat. in January and will host them for 7 weeks, every other week. The basic class is free. Check out your local TU chapter to find out.

(Sorry not recommending a book.)
