I PM'd Nick Jay...Thanks for the kind words.

I am actually kicking around the idea of having a fly tying forum at this months meeting on the 21st. If I can get a newsletter out next week it may come together.

I do enjoy teaching fly tying techniques. I don't get into the fancy stuff, just efficiency of the basics. There are usually a few guys who tie some wild stuff at the meeting when we have tying. I am always up for a new tip or two.

Maurice
