I stopped in for the 3rd time since they opened. There selection has grown and they no longer offer ONLY orvis material but a slightly cheaper version. I was only looking for a few pieces and when the helper was ringing them up he found Ginks and mylar wrap were not priced in the computer. He asked the owner how to charge me for these and the owner was busy with another customer and replied "Just give them to him." They did recognize me from my previous visits. After he was done with the other customer I made a point to thank him very much for his kindness. I'll def return when I need more materials!!!!!!!!!!!!!!
