I could write a ton of stuff but unless you're like me and you, no one would get it. You're in Lancaster but if you ever want to fish State College for trout you can contact me. I'm looking for an excuse to have my brother kick my butt on waters I've fished. and maybe I can get my son to come as well. My older son is a USA Youth Fly Fishing Team Member, He is trying out for the adult team at the New Mexico Regionals in April. He has his Uncle Johns Genes. It doesn't mean anything unless you just plain love fishing. We are planning a trip to Penn's creek around the 4th of July weekend. It's all about fun and relaxing. I really suck most days but it is those few bright moments that keep me going. Of course you need to bring your sister!
