I want to be there when you guys explain to Owen Owens and the other Valley Cr TUsers about their issues because they:

"refuse to admit their less-than-altruistic reasons"

I want to hear you explain to them the error of their ways.

And how they can get the Jack & Jay seal of approval, if they just fess up.

Jay, I think you live not too far from there. Stop by a Valley Creek TU meeting, introduce yourself, and 'splain it to them. 😊
