Jack's has repeatedly attacked flyfishers involved in stream and fisheries conservation on this message board. If anyone doubts that, they can dig up the old posts.

Those attacks are the cause of the problem. If he hadn't done that, there never would have been this "issue."

VC, maybe it's best to let sleeping dogs lie, and not bring it up again. And I won't bring it up again either. But if the topic is brought up again, I have as much right as anyone else to comment on it.
