Well, as a moderator of this board, I think if I saw the pattern posted by a troll, I'd be inclined to delete it. (but first I'd copy it).

Personally I think it is silly, even bordering on kooky to try to keep a fly pattern secret. I know several of you folks have a high respect for Don Douple. I know up until now I held his fishing prowess with high esteem over talk from the likes of Chaz and others dropping his name. But now he'll only be the guy who refuses to give up his sculpin pattern rather than the guy who invented it.

Oh well, I guess ya gotta be known for something.
