I'm trying to fill up my box with some general spring fly patterns for the South Central PA area for trout. I'm not a big "match the hatch" believer, so some general patterns will be fine. So far I have -

Dry - Parachute Adams, Caddis Elk

Wet - Hare's Ear

Nymph - Bead head Pheasant tail

Streamer - Clouser's, Woolly Buggers (Are they really a streamer?)

Thanks for your help

-Chris
