Guys,

I just wanted to say thank you for sharing with me this years flies. A truly wonderful collection. I really feel fortunate that you all remember me when working on your flies. I can't tie so it even means more to me than you think!

I really enjoy when they come in because I can show them to my son and explain the different types of flies and streamers. He is still into just bait fishing, but hope to get him started soon.

Again, a great collection and thank you for sharing with me your fine efforts and talents!

Dave
