I would tie up a bunch of those bread flies that Jack outlined in the spun deer hair post.

Maybe a couple of pellet flies. The Roayl Coachmen should start comming off soon too 😊

Me, I am at a loss. I hit Loyalhanna twice. The second time on some pretty good inside info. Got skunked both times. I threw the box at them. And I could have sworn that I say one take something from the top but after 1/2 an hour throwing several different dries to him I decided it must have been a figment of my imagination.

If you are hitting any spring creeks I ALWAYS go to a sowbug or fat looking muskrat nymph.
