I nailed a couple dozen, man. Dry dropper, got them on top and bottom. Fished from the ford up to the split, then I went up the right side a bit.

Did you catch many browns in Hammersley, or was it mostly brookies?

Split pretty evenly, I'd say, until the split. Then all brookies.

Thanks for the info. I'm glad the trout population is doing OK there. That stretch has gone through some brutal scouring floods, and also droughts over the years.
