They're [coming to SW PA](#) this year. Get out the cicada fly-tying recipes.

Exciting news.

I still have some cicada flies left over from the last time they were here in central PA. They're fun to tie.

If you're a SWPA FFer who doesn't tie your own flies, send me a PM and I'll send you some cicadas.

EDIT: My cicada flies have found new homes.
