There are some monster fish in there. Last year I caught a carp out of there fishing with my buddies, must have been pushing thirty pounds. We were fishing with spinning rods and the way to get the big bass is take a blue gill and a big ass hook, no weight, and chuck it out there and set your drag open. We caught some MONSTER bass, makes the one in my picture look like a small one lol. Oh and the panfish are absolutely phenominal.
