OK, I'll cut you some slack, but of all the fish out there, i still can't believe you forgot bullheads. (Thee may or may not be a hidden message in hat statement) 🤡

That freakin Wulff-Man has been reading my mind again. 😁 He pretty much described my views on this.

As you know, I am a big fan fo brook trout and I favor those over all the imported trout, but that doesn't mean i don't like to fish for other things. If i were out west, I am sure I would prefer rainbows or cuts or goldens depending on where I lived.

Hey Wulff-Man, guess what i am thinking now. 🍷 😐
