The book is great... I've seen both of his DVD's. The one about tying his streamer patterns, and the one about him fishing the patterns. I recommend both. He has a 3rd DVD out in which he ties his articulated streamers. I can't bring myself to spend 30 bucks on it though. I'll wait for NETFLIX to pick it up...

You can also hear the PODCAST through Fly Fish Internet Radio here:

I happened upon the podcast when i first got my IPOD... been hooked on his streamers and tactics since.
