I was there from 8-12 and saw one guy fishing the really slow flat water above the broken damn. RLS, were you wearing brown neoprenes? If so, my friend and I were the ones that walked by you at about 10. There might have been 2 other guys just above the ped bridge but it didn't look like they were fishing. That pool above the bridge has opened up in the last few weeks. There used to be a big tree that always grabbed my back cast but it was gone on Saturday.
