I really don't want to make this a race when I tie. I just wanted to know how long it takes an avid tyer to do the same as this beginner. I tied last night for about 2 hours and I only tied 3. I was interrupted a couple of times though. I was pretty happy with the 3 I tied. I would like to get faster only because I will have more flies tied in the same time it takes me to tie 3. It just sucks because I will probably go out and lose the 3 I tied last night. I guess the winter is the time to load up on your inventory. I am really enjoying it . I will tell you one thing though, this fly fishing thing is really taking up a lot of time in my life. I guess it could be worse 🙄
