I second DGC. The video is very good, and better than the book IMO. The book does give a better source for leader formulas and such.

The newest video, "The Dry Fly and the Topwater game" also has a piece on this type of fishing, and is his best video overall IMO. A piece of it can be found in the last video on this [page](#).

Though if you're only interest is wild brookies, I'd go with the tight brush video, it is more complete....
