came here to catch some fall stockers. landed to stockers in a few minutes. both fat fine fish. then to my suprise a dry spell until a wild rainbow about 14 inches came to hand on a olive wooly bugger. then i landed a 10" wild brown on a bloodworm. and finished the trip up with another 14 inch wild rainbow on a bloodworm. caught a few stockers.....but was blessed with some wild trout. saw black midges hatching and some fish rising to them. what a great hour of fall fishing! 🏆
