I have 2 brand new lines for sale, both used once as i was trying to find the perfect line for my rod. I finally found it at a 3.5WT line. So here your chance to get a Orvis 1WT or a Scientific Anglers 2.5WT Line for cheap. I'll sell them each at \$25 shipped or \$40 shipped for both. Theres also a brand new spool of orvis Dacros 12lb test backing
