I'll be there as well.

I think we all need to ban together and get RyGuy some help.  
He definately has a steelhead addiction.

I am trying to google a Steelhead Anonymous group so we can stage an intervention. HAHA.

I have 22 misc eggs/ sucker spawn tied and ready to roll.

I had a dream a week ago that they were running and I woke up all anxious and scared that I was missing out on the fishing.

I'm not the person to talk to ryan. I kept saying I was done for the year, but ended up at it again. Even after that freezing outing with pcray (the streams froze up), I was up at the salmon river at least 3 times. Once that started freezing in late january, I quit. Never made the drop backs. Hopefully this year I can.

I am planning on trying pinning as well, squaretail.
